

# Musician Collaboration Readiness Checklist

Before inviting me to join your project, please make sure you can answer these questions.  
(You don't have to have everything perfect - just clear enough that I know how to say yes.)

## 1. Music

- What's the material, and how will I practice it? (video / written score / lyric sheets)
- What's the set list?
- If we're rehearsing other material, how does it connect to the set?
- What's the musical intent? (fun on stage / fun with audience / impress audience / build a following / make money)

## 2. Costs

- What costs will I have to cover? (travel, performance clothes/gear, rehearsal gear)
- What are the confirmed dates and times?
- What's optional vs required?
- What travel, prep, and cleanup is expected?

## 3. Production

- Who's coordinating rehearsals, and how do I reach them?
- Who's producing the performance, and how do I reach them?
- Is there a plan for lights, sound, stage management, recording/photography, front of house?

## 4. Promotion

- Who's promoting the event/project, and how do I reach them?
- What promotion is already prepared? (ads, word-of-mouth, performer invite scripts)

*Remember: I'm happy to advise or lend a hand for any gaps - as long as that's part of the ask.*
